## SUMMARY

---

Detail oriented and motivated problem solver proficient in Data Structures and Algorithms in **Java** with ability to multitask in a fast paced environment. Proficient in **frontend web development technologies** (HTML, CSS, JavaScript, React), with a passion for leveraging the latest technologies to build responsive, intuitive websites and web applications. Eager to apply technical expertise and collaborate with teams to drive innovation and deliver impactful solutions.

## EDUCATION

---

- MANIPAL UNIVERSITY JAIPUR** 2025  
*Bachelor of Technology- Computer and Communication* CGPA: 7.7

## EXPERIENCE

---

- Celebal Technologies** May 2024-Present  
*Summer Intern*  
-Developed and enhanced web applications using ReactJS, focusing on responsive UI, performance optimization, and feature implementation. Gained experience in JavaScript, React Hooks, and state management, contributing to key projects and improving problem-solving skills.
- Quik Hire** March 2024-April 2024  
*Operations Intern*  
-Played a pivot role in the recruitment process by assisting in the creation and posting of engaging job listings across multiple platforms

## PERSONAL PROJECTS

---

- Voice Assistant News Application**  
*A speech enabled Artificial Intelligence application that delivers the latest news to users in a hands-free manner.*  
  
-Tools and Technologies used: HTML, CSS, Javascript, React, Speech Recognition (Alan AI).

## TECHNICAL SKILLS AND INTERESTS

---

**Languages/Technologies:** Java, HTML, CSS, Javascript

**Developer Tools:** VS-Code, Git/GitHub, NetBeans

**Soft Skills:** Leadership, Time Management, Critical Thinking, Decision Making

**Coursework:** OOPS, Data Structures and Algorithms, Computer Networks, Operating System, Database Management

## CERTIFICATIONS

---

- Oracle Database Foundations** (Oracle)
- Red Hat Certified System Administrator in Red Hat OpenStack** (RedHat)
- Data Centre Virtualization: Core Technical Skills** (Vmware)
- CCNAv7: Introduction to Networks**(Cisco)
